

I Didn't Mean To Burst Your Bubble

Published on Industrial Maintenance & Plant Operation (<http://www.impomag.com>)

I Didn't Mean To Burst Your Bubble

“How It's Made” takes you inside a bubble gum manufacturing plant. See how the process begins, as plastics and rubbers are combined with flavor and glucose syrup, and ends up as the confectioner's delight we all know and love. Did you know that bubble gum's traditionally pink flavor originated because the inventor had only that color on hand?
