

## Dog vs. Keyboard &mdash; The Ultimate Showdown

Many industrial components are designed and tested to withstand the rigors of the manufacturing plant, whether it's extreme temperatures, water, or intense shock and vibration. But have your components been tested to function under the terrifying dangers of the office dog? Reagan, iKey's in-house German Shepard, took the SLK-79 to task and gave it the rundown. Despite some bite marks, the keyboard comes out none the worse for wear.
