

# **A State-By-State Look At Sandy's Effects**

The Associated Press

The massive storm that started out as Hurricane Sandy slammed into the East Coast and morphed into a huge and problematic system, killing at least 94 people in the United States. Power outages now stand at more than 3.6 million homes and businesses, down from a peak of 8.5 million. Here's a snapshot of what is happening, state by state.

## **CONNECTICUT**

U.S. Homeland Security Secretary Janet Napolitano says federal government will offer help. Pelican sighted on beach illustrates how massive storm carried birds from as far away as Europe and the Arctic. Deaths: 3. Power outages: 241,000, down from a peak of 625,000.

## **MARYLAND**

Residents suffer without power after heavy snow in western mountains. Biologists measure pollution and other effects on Chesapeake Bay. Deaths: 4. Power outages: 28,600, down from 365,700.

## **MASSACHUSETTS**

Massachusetts' federally-owned T.S. Kennedy heading to Elizabeth, N.J., on Sunday. The 540-foot ship will serve as a "hotel" for emergency workers, power crews and others helping the region get back on its feet. Deaths: None. Power outages: 7,200, down from 400,000.

## **MICHIGAN**

Utility crews may work into Saturday to fully restore power. Deaths: None. Power outages: 5,000, down from 154,000.

## **NEW HAMPSHIRE**

Officials estimate it will be the weekend before power is fully restored. Deaths: 1. Power outages: 1,300, down from 210,000.

## **NEW JERSEY**

Atlantic City's 12 casinos given the OK to reopen. Transportation Secretary Ray LaHood views the storm damage in Ocean County. Motorists face another day of long lines for gas. Deaths: 14. Power outages: 1.5 million, down from 2.7 million.

## **NEW YORK**
