

Barnes Distribution Featured At February NADA Show

(CLEVELAND, OH, Feb. 5, 2013) — Barnes Distribution, a business of Barnes Group Inc. (NYSE: B), and a leader in high security key cutting machines and vendor-managed inventory for maintenance, repair and operating parts and supplies, announced they will exhibit as featured vendors in both the General Motors and Ford Motor Company's exhibit space.

The National Auto Dealers Association Show, scheduled for February 9–11, 2013, in Orlando, Florida, is the premier automotive industry event, and is the largest international gathering place for franchised new-vehicle dealers. Barnes Distribution will demonstrate the BD Laser High Security Key Cutting Machine and the F Jaw Attachment that allows the machine to cut both high security and edge cut keys. Barnes Distribution will exhibit in the General Motors, Inc. booth (#475) and the Ford Motor Company Booth (#1375). The Company will feature product demonstrations and show specials throughout the duration of the show.

"We are excited to bring our unique product and service offering to NADA," said Chris Paczak, Director of Product Marketing for Barnes Distribution. "The January 2012 introduction of the F Jaw advanced the key cutting industry and has been widely adopted by both domestic and foreign automotive OEMs. We are honored that both General Motors and Ford Motor Company chose to feature our products in their booths."

For more information about the BD Laser and F Jaw Attachment, contact Barnes Distribution at 866-GET-MROP, or visit barnesdistribution.com [1].
