

# Clear Automation Received Sales Award From FANUC Robotics

Clear Automation

**Southington, Ct-** April 22, 2013, [Clear Automation](#) [1], a leading engineering integrator of robotic and machine vision systems, today announced it has received FANUC Robotics' award for Outstanding Sales Growth for 2012.

Clear Automation has been an Authorized System Integrator of FANUC robots for 5 years, using their automation solutions in such diverse applications as assembly, packaging, and labeling. These unique solutions are often used in the manufacture of personal care products, medical devices, electronics, and general industry. Systems range from single cells to turnkey production lines. One such solution is a robotic loader/unloader of a blister pack machine. See the video [here](#) [2]. If you need to speed up a process or save labor by automating, please contact the company at 860-621-2955 or visit the company's website at [www.clearautomation.com](http://www.clearautomation.com). [3]

FANUC Robotics America manufactures industrial robots for a wide range of applications including arc and spot welding, material handling (machine tending, picking, packing, palletizing), material removal, assembly, paint finishing and dispensing. More information on FANUC Robotics is available at [www.fanucrobotics.com](http://www.fanucrobotics.com) [4].
