

Next Generation Lubricants

ExxonMobil Lubricants and **Petroleum Specialties Company** (Fairfax, VA), a division of Exxon Mobil Corporation, announced the launch of its next generation of Mobil SHC 600 Series lubricants, a family of high-performance synthetic circulating oils, formulated to deliver long-lasting protection for equipment operating in extreme conditions. Developed through extensive laboratory and in-service testing with, Mobil SHC 600 Series lubricants also offer significant energy efficiency benefits. In extensive testing, next generation Mobil SHC 600 Series lubricants exhibited energy savings of up to 3.6 percent compared with conventional oils.
