

Demolition Screwdrivers

Klein Tools

Klein Tools (Lincolnshire, IL) has announced its Demolition Screwdrivers have won Electrical, Construction & Maintenance Magazine 2013 Product of the Year silver award. Klein Tools' demolition screwdrivers were designed to take and deliver a beating, says the company. Engineered, manufactured, and tested for prying and chiseling, the unique screwdriver design transfers impact force directly to the work surface. A plated metal strike cap protects the handle from hammer blows. Made in the USA, these slotted screwdrivers are available in 4" (602-4DD) and 7" (602-7DD) blade lengths, and ¼" and 5/16" tip sizes.
