

## New Sizes For PHQ Gear Unit Line

STOBER Drives, Inc.

Maysville, KY - STOBER Drives, Inc. has added two additional sizes to its Servo-Fit™ PHQ gear unit line. The new sizes are smaller, adding a more diverse range of case sizes. When compared with standard PH gear units, the PHQ allows for higher torque, while still providing low backlash and smoothness of operation. The new sizes of the PHQ series include the PHQ4 and PHQ5, which expand the offering to seven case sizes ranging from PHQ4 to PHQ11. The PHQ4 and PHQ5 are available in single and double stage, with ratios ranging from 5.5:1 to 55:1.
