

Full-View Door

Hörmann Flexon (Leetsale, PA) has developed the Speed-Guardian 2400 FV full-view door. The door has a total panel thickness of 1.25" with 6.25" high window slats the entire height of the door panel. The Speed-Guardian 2400 FV also features a quick-opening mechanism, up to 80" per second; and a compact, self-monitoring direct-drive motor.

To learn more about the Speed-Guardian, visit www.hormann-flexon.com [1].
