

Safety They'll Want To Wear

caption

Gateway Safety (Cleveland, OH) has developed a line of StarLite GUMBALLS, PPE-compliant protective eyewear that feature ten different, vibrantly-colored designs. Workers can pick the “flavor” that represents their personal energy or a color that accents their look for the day with blueberry, cherry red, cotton candy, orange, lemon yellow, lime green, grape, vanilla, mocha brown, and black licorice temples, all with clear lenses. The eyewear is ideal for manufacturing situations, particularly when employees do not typically wear other protective equipment, and they comply with ANSI Z87.1 standards while blocking 99.9 percent of UV-A and UV-B rays.

To see all the colors, visit Gateway Safety at www.gatewaysafety.com [1].
