

## Accurate Light Meter

The Traceable Light Meter Pen from **Control Company** (Friendswood, TX) reads from 0 to 1,860 foot-candles with a resolution of .01, and from 0 to 20,000 Lux with a resolution of 1. Tough ABS plastic housing, an O-ring seal, and membrane keypad help keep dirt and dust out, which makes the product ideal in harsh plant environments. Simple and intuitive operation eliminates the need for direction and allows for easy operation by anyone, according to the company. A Traceable Certificate is provided with each product from an ISO 17025 calibration laboratory to ensure you're getting the best product.
