

## Switch Up Your Pneumatics

The NITRA line of pneumatics from **AutomationDirect** (Cumming, GA) now includes the CPS series of pneumatic position switches to offer a robust interface between acutators and electrical control systems. The solid-state switches are available in 3-wire DC PNP, NPN normally open, or PNP normally closed configurations. In addition, they can be purchased with an M8 wiring connector of 2-meter cable with wire leads. Five mounting bands with adapters are available, ranging from 5/16" to 2".
