

Measure Your Pressure

Automation Products Group, Inc. (APG, Logan, UT) has released the PG7 Digital Pressure Gauge, which has been engineered for outdoor conditions. The PG7 is available with ranges from vacuum up to 500 psi, and from 0 up to 10,000 psi, at ± 0.25 percent accuracy of full scale. In addition, the PG7 can be surface mounted without any special tools or equipment.

User selectable functions of the gauge include:

- Auto-off (2,4,8,16, or 32 minutes).
- A variety of units (psi, bar, kPa, inH₂o, mmHg, kgcm², among others)
- Units of force for press applications, to directly display the applied force.
