

Squeaky-Clean Doors

The new FasTrax Clean high-performance door from **Rite-Hite Doors, Inc.** (Milwaukee, WI) has been designed to withstand the rigors of harsh washdown environments while allowing users to maintain the highest levels of cleanliness. The door's design minimizes areas where unwanted materials can be trapped, making it USDA- and FDA-compliant. Additional features include:

- A one-piece radial header machined from a solid block of UHMW plastic.
- Non-corrosive Lexand and UHMW side frames that stand off from the wall to minimize surface-to-surface contact.
- A Traxion Drive System that delivers peak speeds up to 100" per second.
- A Thru-Beam photo eye system that prevents the door from closing when an obstruction is detected.
