## Get The Nastiest Of Drain Clogs

**RIDGID** (Elyria, OH) introduces the Auto-Clean drain cleaning machine for cleaning drain blockages in pipes from  $\frac{3}{4}$ " to  $1\frac{1}{2}$ " in diameter. The machine features a dual-direction AUTOFEED technology, which advances and retrieves the drain-cleaning cable with the push of a lever. The MAXCORE 50 cable pushes through blockages using the  $\frac{1}{4}$ "-by-30' inner core cable. Users do not have to touch the cable, as it features a unique guide hose that gives the user added read as the AUTOFEED powers the cable down drains. The unit features a handle for easy transport and weighs only 11 pounds.
