

Get An Edge On Inventory

The Edge 5000 Series from **Apex Industrial Technology** (Loveland, OH) is a rugged and easy-to-use Internet Appliance that tracks, manages, and controls critical tools or supplies. The Edge is designed to deliver in harsh factory environments with a heavy-duty construction, including an option steel front door. The Edge 5000 provides users with a variety of access options, including a keypad, bar code, stripe cards, prox cards, or biometrics. In addition, the inventory control product offers flexible configurations, such as an adjustable shelf height, making it easy to reconfigure the interior for individual items.
