

Printing Goes Anywhere

Dalemark Industries, Inc. (Lakewood, NJ) has developed the Model 8000-TT Tabletop Hot Stamp Coder for virtually any surface. The coder has a compact design and accommodates up to three lines of print with an interchangeable metal type. Other features include:

- Capability to handle products up to 4mm.
- An integrated photocell product detector.
- Suitability for Date and Lot code printing.
- The capability to print on virtually any flat product.
