

See The Little Things

Olympus Canada Inc. (Markham, Ontario, Canada) and Hitachi High-Technologies Canada have announced a new partnership to make Olympus the exclusive distributor of the new TM3000 Table Top Scanning Electron Microscope (SEM). The new fully-automated, table-top SEM offers 30,000X magnification, good depth of field, a compact size, and affordability. The TM-3000 requires no special skills, according to the company, and can be used by anyone able to use a consumer digital camera.

To learn more about the microscope, head on over to www.olympuscanada.com [1].
