

Take A 'Peek' At Air Nozzles

The PEEK Super Air Nozzles from **EXAIR** (Cincinnati, OH) can deliver strong blowing force while providing non-marring protection should the nozzle come in contact with other surfaces. The thermoplastic construction offers excellent resistance to chemicals, fatigue, and temperatures up to 320°F. Applications include part drying, machinery, and parts cleaning, chip removal, and cooling hot parts. Additional features include:

- Sound levels below 76 dBA at 80 PSIG, which meets OSHA noise requirements.
- A safe operation because airflow cannot be blocked.
- Up to 13 ounces of blowing force.
