

## Lifting With Vacuums

**EXAIR** (Cincinnati, OH) Modular E-Vac Vacuum Generators are compressed air powered vacuums for lifting, “pick and place,” clamping, chucking, and surface mounting applications. The pumps are offered in many sizes and offer a variety of vacuum levels and flow rates. According to the company, they are maintenance-free and have no moving parts to wear out. Other features include:

- A high-efficiency, single-stage design that minimizes air consumption.
- A lightweight aluminum construction that is compact and easy to install.
