Nozzles For Any Application

A complete line of flat fan spray nozzles is available from **Lechler Inc.** (St. Charles, IL). Flat fan nozzles cover a fan-shaped area on a single plane, and are ideal when used in a stationary position on a conveyor when the target moves through the spray. Typical applications for flat fans include cleaning, coating, cooling, lubricating, rinsing, high-pressure cleaning, and more. In addition, Lechler's flat fan line includes threaded nozzles, tip nozzles, deflector nozzles, high-pressure nozzles, and more.

To learn which nozzle is appropriate for your needs, or just to learn more, head on over to www.lechlerusa.com [1].
