

## Dry Ice Blasting, Cleaning

**IceTech** has developed the KG50 Pro Multi-Touch 1", which allows users to perform maintenance and cleaning with dry ice blasting. The KG50 offers greater cfm capability and maximum efficiency through the entire range of the machine. Dry ice blasting is non-abrasive, and this unit features infinitely variable adjustment of ice and air on the gun. According to the company, there is zero secondary cleanup or contamination, plus no chemicals or water.
