

## Full Speed In Reverse

**Chicago Pneumatic** (Rock Hill, SC) has introduced the CP6720, a new 1/2" impact wrench that delivers speed, power, and durability for industrial maintenance. The impact wrench features 425 ft-lbs. of torque, plus a one-hand push button for forward and reverse operation. A four-position regulator allows for better control of assembling bolts and other fasteners, according to the company. In addition, the wrench allows for full power in reverse to ensure users can remove fasteners.
