

AC Inverters For All Situations

High-Lites (Wallingford, CT) introduces the PFT Series of universal, fast transfer AC inverter systems. They're designed to accommodate small- to medium-sized projects requiring emergency power back-up, and unlike ballast packs, they provide reliable emergency power sine wave output to any connected load or fixture. Features include:

- Worry-free operation of all AC loads, including incandescent, fluorescent, LED and HID lighting.
- 100 percent compatibility with generators and dimmer systems.
- Three PFT models: 300 Watts/330 VA, 400 Watts/660 VA, and 600 Watts/660 VA.
