

Move Plenty Of Air

Continental Fan (Buffalo, NY) has introduced a new line of CAB Cast Aluminum Blowers, which can move up to 1,550 cfm of air. According to the company, the blowers are ideal for smoke and fume removal, spot cooling, and electronic equipment cooling. Features and benefits of the blowers include:

- A spark-resistant construction.
- Clock-wise rotation, rotatable up to four positions.
- An operating temperature range of 0° to 160°F.
- Single- or three-phase TEFC motors.
