

# Gas Analysis In Disposable Sensors

The updated BTU1100 Portable Combustion Analyzer from **E-Instruments** (Langhorne, PA) is an all-in-one unit to meet the needs for a variety of maintenance staff. The instrument now comes with replaceable sensors for easy diagnostics, which also cuts out downtime and costly repair charges. The BTU1100 can detect O<sub>2</sub>, CO, and CO<sub>2</sub>. There is a built-in manometer, thermometer, and CO leak detector, along with built-in non-thermal printer.
