

Maintain Your Floor Markings

The Kaizen Cart, now available from **InSite Solutions, LLC** (Wake Forest, NC), can hold up to 10 rolls of Superior Mark floor tape — plus all of the tools and supplies necessary to maintain the floor markings — which helps plants comply with OSHA passageway requirements. The cart has an 8” rubber tamper roller to adhere the Superior Mark tape. In addition, the Kaizen Cart features a customized magnetic color code chart, which displays the company’s floor marking color code for all employees to easily reference. As a special introductory offer, InSite is offering a free cart with the purchase of 25 rolls of Superior Mark aisle marking tape.
