

When Size Does Matter

The Big Bucket PrimoWeigher combination scale, from **CombiScale, Inc.** (Locka, FL) is well-suited for a wide range of free-flowing and non-free-flowing applications. The 5 liter BB model can accurately deliver product ranging from 4 ounces to 55 pounds, or for products where a larger volume is a consideration. The open frame design makes it easy to operate, wash, and service, according to the company. All contact parts are completely tool-less and are supplied with quick disconnects for easy removal. In addition, the PrimoWeighers come with the ability to remotely control, diagnose, and troubleshoot.
