

Industrial Gear Oils

ExxonMobil Lubricants & Petroleum Specialties (Fairfax, VA) has announced its new lineup of high-performance, fully-synthetic industrial gear oils, known as the Mobil SHC Gear series. Mobil SHC Gear fluids are approved by Siemens for use in Flender gearboxes and meet or exceed nearly every other major industry and Original Equipment Manufacturers specification for industrial gearbox applications. Ideal for a wide range of industrial gearbox applications, the new Mobil SHC Gear lubricants offer valuable energy efficiency benefits. In statistically validated laboratory tests and field trials, Mobil SHC Gear fluids exhibited energy savings of up to 3.6 percent compared with conventional oils.
