

Wireless Temperature Logger

T&D Corporation (Saratoga Springs, NY) has introduced the RTR-505Pt Wireless Temperature Logger. This new unit is compatible with Industry Standard 3-Wire Pt-100 Sensors and accepts the Industry Standard 3-Wire screw terminal attachments. The possible temperature range of the RTR-500Pt can be from -199 degrees C up to +650 degrees C. The unit features a large LCD display, holds 16,000 readings and is IP64 water resistant. The battery life is up to 10 months or 4 years with the "L" Version. The communication range is up to 500 feet and can be extended with the use of repeaters. The RTR-505Pt is compatible with all TandD RTR-500 Series Wireless Data Collectors.
