

Static Dissipative Hose

FlexStat CR Static Dissipative Hose from **Flexaust** (Warsaw, IN) is a specially formulated clear thermo-plastic polyurethane hose with a rigid white external ABS helix and an embedded copper grounding wire. Ideal for pneumatic conveying and powder processing applications in clean rooms, this FDA acceptable hose prevents static buildup to help reduce explosion potential. Operating from -40 to 200 degrees F, this static dissipative hose is clear for contents viewing and the external helix enhances flexibility and drag-resistance. FlexStat CR Static Dissipative Hose is priced according to size and comes in standard 25 and 50 foot lengths, available plain or with cuffs.
