

Sovereign Casters

The Revvo Caster Company, Inc.

The Revvo Caster Company, Inc. (West Seneca, NY) has introduced its new “Sovereign” Series medium-duty casters for applications subject to manual propulsion such as store fixtures and displays, carts, and mobile work tables. They feature a swivel double-ball raceway and Santoprene wheel molded onto a polypropylene hub for mobility and strength, according to Revvo Caster. The casters are offered with wheel diameters of 4 inches and 5 inches. Blue rubber wheels have a load capacity of 264 pounds and feature a precision ball bearing. Nylon wheels (white and black) have a load capacity of 330 pounds, and gray rubber wheels have a load capacity of 185 pounds. They are available in swivel and fixed (rigid) models with rectangular top plates and a bolt-hole (stem) swivel style.
