

Terminal Blocks

NTE Electronics

NTE Electronics (Bloomfield, NJ) has added a complete line of high quality terminal blocks to its ever-expanding product offering. These terminal blocks provide a convenient means of connecting individual electrical wires without having to splice or physically join wire ends. NTE's terminal blocks are manufactured to rigorous quality control standards, are RoHS compliant, and are available in both Barrier and Eurostyle types in a wide variety of styles. NTE is offering this product in bulk and blister card packaging. Features include:

- 2 Pole through 24 pole
- 3.5 through 11millimeter pitch
- Single and dual row
- PC and solder terminals
- Panel mount
- Pluggable types
