Ultrasonic Label Sensor

TRI-TRONICS COMPANY, INC.

TRI-TRONICS COMPANY, INC. (Tampa, FL) has introduced the first Ultrasonic Clear Label Sensor with a high performance OLED onboard display. Users are provided with an unprecedented view of the sensor's performance, options, program modes, and instructions. The new sensor displays a home screen, quick set, and a scope for confidence in initial setup and worry free performance. Features include:

- One button autose (Gap Set)
- Available timers and delays
- Cable and connector versions (M12 and M8)
- High speed (200 us)
- Durable, robust housing
- Compatible with existing mounting configurations
