CheckMate Stockroom

Dynamic Systems, Inc.

Dynamic Systems, Inc. (Redmond, WA) has announced the release of CheckMate Stockroom for The Manufacturing Industry. The easy-to-use software keeps track of inventory items by location and can track inventory in the main stockroom as well as at other (multiple) locations, according to the company. The software tracks inventory by multiple units of measure and records lot numbers, serial numbers, and expiration dates. Reports provide replenishment information and usage.
