

## RCA Training, Software

Reliability Center, Inc.

**Reliability Center, Inc.** (Hopewell, VA) provides industries root cause analysis (RCA) training, consulting, and software to help clients resolve their highest priority adverse events and introduces PROACTOnDemand<sup>SM</sup> Software-as-a-Service, developed by RCI. PROACTOnDemand<sup>SM</sup> is the first true RCA in the cloud application allowing investigation teams the ability to collaborate and share analysis details globally in real-time, according to the company. PROACTOnDemand<sup>SM</sup> is available by subscription for one-time use or annually. Private consoles include over 300 completed RCA Logic Tree Knowledge Management Templates™. These trees are comprised of events that have happened in numerous settings across all departments and include decades of researched experiences. The template database houses completed logic trees that are each drilled down to the real root causes of the adverse event or failure
