TurboTorch Deluxe Kit

Thermadyne Industries, Inc.

The TurboTorch® TDLX deluxe roller-mounted tote kit from **Thermadyne Industries, Inc.** (St. Louis, MO) features a telescopic pull handle that allows users to roll a bag carrying an acetylene B tank, which weighs 50 pounds. Its multiple pockets were designed to hold all equipment necessary for soldering and brazing, including brazing rods, solder rolls, torch handles, and torch tips says the company. A metal sleeve enables hot tip storage, Velcro® straps secure the gas hose, and an adjustable security strap secures the tote inside a vehicle. The tote is constructed with a wide base, metal framework, and a lifting handle.

For more information, visit the company's website at www.thermadyne.com [1].
