Align Adjustable Workstation

Lista International Corporation

Lista International Corporation (Holliston, MA) now offers the Align® Adjustable Height Workstation, which brings the user an unsurpassed level of ergonomic comfort, flexible functionality, and enhanced productivity, says the company. Designed with the operator in mind, the worksurface of the Align Adjustable Height Workstation aligns with the worker's optimal reach zone to reduce fatigue, stress, and potential injury. Its advanced ergonomic design also works to optimize production throughput. With an adjustable height ranging from 27- to 42-inches, the workstation can be adjusted through the use of a motorized hand crank or slide leg base.
