

Handscope Oscilloscopes

AEMC

AEMC® (Foxborough, MA) has introduced the Handscope Oscilloscopes Models OX5022 & OX5042. The compact, shockproof, IP54, oscilloscopes can be comfortably held in one hand, says the company. These ergonomically designed instruments are equipped with a color screen and LED backlighting for crisp data display and integrated multilingual help screens are available at all times. These products have been developed using an Eco-Design approach to reduce their environmental impact and come with a 3-year warranty.

The Models OX5022 and OX5024 combine three instruments in one:

- 20MHz or 40MHz oscilloscope
- Independent 8000-count multimeter with power measurements
- Built-in harmonic analyzer out to the 31st harmonic (fundamental between 40Hz and 450Hz)
