

## Pole Mounted LED

Magnalight

The **Magnalight** (Kemp, TX) EPL-PLM-1X150LED-50 adjustable pole mounted LED light is an explosion proof lighting solution for those seeking a powerful and versatile, yet portable lighting solution for hazardous locations. The 16 inch diameter LED light head on this unit produces 10,000 lumens of light in a wide flood pattern, allowing it to illuminate 8,000 square feet of work area. The explosion proof light head is mounted to an adjustable telescoping pole that can be extended to 12 feet for maximum area coverage, and collapsed to three feet for storage and transport. The base of this pole is equipped with a mounting bracket that allows operators to mount the light to flat surfaces, and the pole and light assembly can be removed and compacted for storage.
