

Wall Hung Condensing Boiler

AERCO International

AERCO International (Blauvelt, NY) has announced the availability of the AERCO Esteem 399 wall hung condensing boiler with TriMax Control, allowing the Esteem to offer advanced features with unmatched ease of use and installation, according to the company. The new TriMax Control helps the Esteem 399 deliver 96 percent efficiency for improved system operation and reduce energy consumption in a variety of commercial applications requiring 16,000 to- 399,000 BTU/hr. The TriMax Control's 60-second set-up simplifies boiler installation and also minimizes the potential for errors. The TriMax Control has a cascade system to join up to six boilers, and allows for up to four circulars and multiple temperature zones.
