

# ICS5 Industrial Scales

METTLER TOLEDO

**METTLER TOLEDO** (Greifensee, Switzerland) has announced the availability of ICS425, 435, 445, 465 and 685, its newest entries in the ICS5 industrial scale family. These easy-to-use scales are built dust-, shock-, and draft-proof, making them perfect for the industrial environment, according to the company. Featuring ease of use, durability, and accuracy, ICS4\_5 and ICS685 boast large, bright display screens and intuitive command menus. User-management profiles allow language, rights, and key configuration settings for flexibility in work style and quick employee changeover at shift's end. Scale terminals and platforms can be set up in compact, standup, or separate component configuration. A rechargeable battery pack and WLAN connectivity allows cable-free operation for maximum flexibility.
