

Portable Gantry Lift

Sumner Manufacturing

Sumner Manufacturing (Houston, TX) has announced upgrades to their lightweight and portable all-aluminum GH2T Gantry Lift. The GH2T has a lift capacity of up to 2 metric tons (4,400 pounds) and is available in 4 Imperial sizes (8, 10, 12, and 15 foot) and 3 Metric sizes (3, 4, and 5 meters). Upgrades include A-frame legs that lock in opened or closed position utilizing a push-button release and casters with foot brake that lock at 90 degree angles. Minimum and maximum heights from ground to lifting eye are 83 and 113 inches, respectively. Maximum height to the top of the trolley is 113.5 inches. Gantry models weigh between 285 and 331 pounds.
