

PowerPlus Mini

Hammond Power Solutions Inc.

Hammond Power Solutions Inc. (Guelph, Ontario, Canada) recently launched its new HPS PowerPlus mini power center. The HPS PowerPlus™ is a convenient pre-wired power center that saves users time, money, and space, according to the company. HPS PowerPlus combines a dry-type shielded transformer, pre-wired primary and secondary breakers, and a secondary power panel in a NEMA 3R enclosure. With the addition of the HPS PowerPlus, HPS continues to offer one of the broadest range of transformer products in the industry.
