

# Affordable Power Distribution

MENNEKES®

AMAXX® enclosure system by **MENNEKES®** (Fairfield, NJ) offers an affordable solution for configurable power distribution to customize applications quickly and easily, says the company. One AMAXX unit can replace multiple receptacle installations, saving labor, material, and space. AMAXX offers made-to-order, pre-wired customization options and can give users the flexibility to meet growing needs. RoHS compliant and environmentally-friendly AMAXX modular systems are available in five sizes and are made to scale with a broad range of wiring device options including:

- Pin & Sleeve Receptacles
- Switched & Interlocked Receptacles
- Convenience Outlets
- GFCI Outlets
- NEMA Locking Devices
- Breakers or Fusing
- Blank Plates for your own use
