

maX HD Gloves

Galeton

Galeton (Mansfield, MA) has recently introduced maX HD Gloves for added metacarpal and palm protection. Galeton's maX HD Gloves feature neoprene and rubber protection points at the knuckle and palm for extra protection and lower risk of impact injuries, says the company, and spandex finger crotches provide ease of movement and ventilation. The durable gloves also feature a neoprene cuff, synthetic leather palms, a terry brow-wipe, and adjustable cinch strap wrist. Black and yellow in color, Galeton's maX HD Gloves are available in sizes medium through 2XL.

For more information on these or any of Galeton's gloves or work gear, please visit www.galeton.com [1].
