

## Powered Skid Lifters

Presto Lifts

Powered Skid Lifters from **Presto Lifts** (Attleboro, MA) combine the best features of a lift table and a pallet truck, allowing an operator to pick up a load, transport it to a workstation, and lift it to the most comfortable working height, according to the company. Available in 20- and 27-inch wide configurations, Powered Skid Lifters feature a lifting capacity of 2,200 pounds and raised height of 31½ inches. Lift is powered by a 12-volt, maintenance-free battery which raises loads to the highest position in less than six seconds. Units include a battery discharge indicator and an integral battery charger.
