

Mini-Split Maintenance Kit

BBJ Environmental Solutions

BBJ Environmental Solutions (Riverview, FL)

has launched the BBJ Mini-Split Maintenance Kit. Comprised of BBJ Micro Coil Clean® and BBJ Mold Control® for HVAC System and Air Ducts, the kit is a two-step solution that incorporates a powerful, yet safe-for-coils coil cleaner with an EPA registered antimicrobial growth inhibitor in convenient aerosol packages, making storage, transport, and application fast and easy, says the company. BBJ Micro Coil Clean® is a biodegradable, aerosol coil cleaning solution that is mild for the user and harmless to expensive HVAC/R equipment and the environment. Designed for maintaining small coils in tight confined spaces, the BBJ Micro Coil Clean is safe for all metals, including aluminum. BBJ Micro Coil Clean's detergent-based formula contains no solvents or phosphates, and releases no VOCs.
