

Innovative Lighting

EYE Lighting International

EYE Lighting International

(Geneva, OH) will exhibit its full line of innovative lighting solutions during the Illuminating Engineering Society (IES) Detroit Annual Product Show. EYE Lighting will be featuring its innovative LED and Ceramic Technology lamps and systems, including Pure White™ Ceramic lamps which provide long-life, white light with higher color rendering, and significant energy savings in a traditional package of reliability and serviceability, says the company. The EYE KíaroLED® and Aphos™ luminaires will also be on display. EYE KíaroLED is an award-winning lighting solution for efficiently controlling backlight, uplight, and glare in an extensive range of outdoor environments.
