## LED Work Light

Larson Electronics

The WAL-M-LED60-120 LED work light from **Larson Electronics** (Kemp, TX) produces 5,556 lumens of brilliant light output from a single LED lamp and features a three leg pedestal base fitted with three magnetic feet for easy mounting. This magnetic mount LED work light is highly versatile and can be used as a simple pedestal light, or can be securely attached to metal ceilings, walls, vehicles or equipment using its 600 pounds of magnetic grip, says the company. This LED work light is compact in size and has a single 60 watt LED lamp that is rated IP68 waterproof to 3 meters of submersion. This LED lamp produces 5,556 lumens of sharp white light in a wide flood pattern for excellent illumination of large spaces, and can be adjusted both vertically and horizontally.
